# Knife Show — Easton, PA — September 26 & 27, 2009

**Vendors:** Set up Friday evening, 6 to 9 PM, and Saturday and/or Sunday mornings, 7 to 9 AM.

Many hotels are nearby. Electrical outlets are available along walls. Bring extension cords and multiple outlet strips. No Scotch tape may be used to hang anything from walls or ceiling. Masking tape is permitted. Compliance with local, state, and federal laws is required. Though Pennsylvania is friendly to knife collectors, automatic knives are not normally allowed to be carried. Vendors may display only knife-related items. No guns or flea market items are allowed for sale. Show officials will approve displays. We are not responsible for any losses. The Community Center is locked over night, with an alarm service connected to the adjoining police department. Smoking and alcoholic beverages are prohibited anywhere in the Community Center.

**Advertising:** We are again widely promoting this annual show in many knife, hunting, gun, outdoor sports, and related magazines; and in websites, newspapers, and other shows. We shall distribute ten thousand flyers at other gun and knife shows, clubs, and shops. Visit our website, [www.PAKnifeShow.com](http://www.PAKnifeShow.com). E-mails will be sent to thousands of known knife fans, makers, dealers, collectors, vendors, etc. If you have a good place to announce this show, please forward a copy of this flyer and notify us, so we may add it to our list for the future. If you provide your E-mail address, we shall add it to our list. In turn, you may forward this flyer to your E-mail list. This show is a repeat of our successful knife shows held in past years on the same weekend. Help us promote and grow this high quality annual show, at low cost to all. Then you can make more sales! Ask for more free flyers to distribute to fans and customers, and to display at your shop and other shows. The Forks Community Center is convenient to buyers and vendors living in New Jersey, New York, and Eastern Pennsylvania. Around 20 million people live within 100 miles. We should attract thousands of knife fans. The show will repeat on September 25 and 26, 2010.
